Perspectives in biological psychiatry. Part 3: Schizophrenia and organic brain syndrome. Ban TA. Oct 35.

Cancer
Cancer: Less common in psychiatric patients? Ananth J, Burnstein M. June 44.

Cardiac patients
Sexual activity in the heart patient. Soloff LA. Oct 23.
The psychological approach to cardiac patients who are candidates for invasive procedures. Bishop LF. First Quart 11.

Cardiovascular disease
Cardiovascular response to stress. Bove AA. Oct 13.
Management of emotional factors in coronary disease. Fischer HK. Oct 10.
Myocardial infarction: A personal history. Schotz S. Oct 17.
Risk factors, life style, and the emotions in coronary disease. Dlin BM. Oct 28.
Sexual activity in the heart patient. Soloff LA. Oct 23.

Communications
Facilitating the learning of communications and interviewing skills. Soule DJ, Gulledge AD. First Quart 37.

Coronary care unit
Psychiatrists on the coronary care unit. Dubovsky SL, Getto CJ, Gross SA, Paley JA. Aug 18.

Coronary disease
See **Cardiac patients** and **Cardiovascular disease.**

Diagnosis
Akathisia diagnosis: An objective test. Maltbie AA, Cavenar JO, Jr. Aug 36.
Organic disease mistakenly diagnosed as psychiatric. Saravay SM, Koran LM. June 6.

Diethylpropion
See **Drugs.**

Drugs
Diethylpropion (Tenuate): An infrequently abused anorectic. Cohen S. First Quart 28.
Drug- and alcohol-induced psychiatric syndromes. Adams PE. June 21.
Lorazepam in anxiety with gastrointestinal disorders. Rider JA. Aug 55.
Medical screening of patients on maintenance neuroleptics. Dolon PT. Aug 51.
Psychopharmacologic agents: Prescription patterns of non-psychiatrists. Rickels K, Hesbacher P. Dec 37.
Valium: A discussion of current issues. Hollister LE. First Quart 44.

Dying patient
The dying patient: Establish his role to improve care. Noyes R, Jr. Aug 42.

Editorial
A response to the anti-psychiatry movement. Schwab JJ. Dec 11.
Are psychiatrists physicians, too? Brill NQ. Aug 5.
On remedicalization and holism in psychiatry. Sabshin M. Oct 7.

Emotions
Management of emotional factors in coronary disease. Fischer HK. Oct 10.
Risk factors, life style, and the emotions in coronary disease. Dlin BM. Oct 28.

Family
The family in psychosomatic medicine. Mauroner NL. First Quart 8.
Life events in a family with life-threatening illness. Schuman SH, Jebaily GC, Samuelson DC. June 34.
Psychological implications of adolescent pregnancy: Patterns of family interaction in adolescent mothers-to-be. Hertz DG. First Quart 13.

GI disorders
GI illness: Treatment of the anxiety component. Chaplan A, Vanov SK. Oct 49.
Lorazepam in anxiety with gastrointestinal disorders. Rider JA. Aug 55.

Heart disease
See **Cardiac patients** and **Cardiovascular disease.**

Hemodialysis
Phantom urinary phenomena in hemodialysis patients. Kane FJ, Simes L. Dec 13.

Hopelessness
Hopelessness following illness in middle age. Stewart WK. June 29.

Hyperhidrosis
Hyperhidrosis: A review of its psychological aspects. Lerer B. Dec 28.

Illness
Life events in a family with life-threatening illness. Schuman SH, Jebaily GC, Samuelson DC. June 34.
See also **Hopelessness.**

Interviewing skills
See **Communications.**

Life style
Risk factors, life style, and the emotions in coronary disease. Dlin BM. Oct 28.

Lorazepam
See **Drugs.**
